WORK EXPERIENCE & ACTIVITIES

ECHO-Finance

Philadelphia, PA

Financial Analyst

May 2019 – Present

- Designed and built a portfolio tracking system that allows a portfolio manager to select and combine separate portfolios to view live value and key statistics associated with different positions inside the portfolios
- Constructed a program that takes a company's stock ticker and automatically generates a quantitative financial report on that company, which includes the total position size, live price, YTD return, PE Ratio, beta, and more
- Assembled a case document against Cobalt International Energies with over 10 years of financial statements showing the needed proof to allow our client to be a part of the class action lawsuit.
- Currently screening for undervalued companies, conducting fundamental investment analysis, and generating investment opportunity ideas to present to the CEO and investors

TAD Industries

Pittsburgh, PA

Data Analyst

May 2018 – September 2018

- Organized 13 years of extensive Excel data; tracking over 100 corporate customers for a company assisting with the purchasing of steel products and parts
- Strategically combined over 50 Excel workbooks, organizing them by location, product, and sales
- Established recurring email blast using HTML to targeted companies

Carnegie Mellon University

Pittsburgh, PA

Facilities Technician

Summers of 2017 & 2018

- Inspected student rooms in 10 dormitories for the upcoming semester to ensure compliance with university standards
- Led groups of three to four technicians to complete daily projects in a timely manner
- Collaborated with coworkers to move in over 450 students, including processing student repair requests

Temple University Men's Rugby Club

Philadelphia, PA

Treasurer

September 2018 – Present

- Responsible for collecting and managing over \$10,000 of player dues from 100+ members at the beginning of the season
- Formalize and manage three separate budgets. Accounting for transportation, equipment purchase, injuries, and social events
- Support day-to-day activities for the club such as maintaining equipment, washing uniforms, and assisting the president

Temple University Men's Rugby Club

Philadelphia, PA

Statistical Analysis Leader

September 2017 – Present

- Built a system that tracks player statistics including tackles, completed passes, and location on the field
- Designed a website that displays all team members including their name, headshot, and season statistics
