					■ all () 7:55 PM

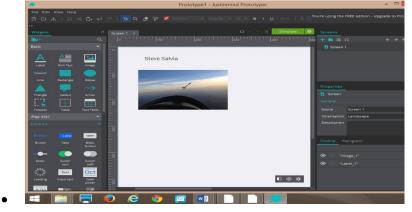

- One page containing your name (use the label object) and a picture (image object)
 - Drag and drop the label objects from the library on to the screen, double click in the label box and type you name

• Drag and drop the image objects from the library on to the screen, right click in the image object select and image from you own picture library

• You may be creative as you would like, the lab is just an introduction to the software tool

• Run the simulate feature

•
