## **Major Accomplishments/Decisions**

On 10/5/15, the team had a kickoff meeting. At the meeting, we created weekly set meeting times, set project goals, and deadlines. We also decided exactly what we will be delivering at he end of the semester. Our deliverables will consist of the app website, a mobile app, and a presentation. Everybody is on the same page with the idea, and we can start work individually.

| Current Key Activities |        |          |         | END |          |      |     |

| Key Issues            |                                      |  |  |  |  |
|-----------------------|--------------------------------------|--|--|--|--|
| Description           | Description Status Resolution/Update |  |  |  |  |
| User interface design | G                                    | We will keep the UI simple and base it off a competitor. (Venmo) |  |  |  |
| Name of the App       | Y                                    | No name currently. Name will be decided as the semester goes on. |  |  |  |
|                       |                                      |  |  |  |  |
|                       |                                      |  |  |  |  |
|                       |                                      |  |  |  |  |
|                       |                                      |  |  |  |  |
|                       |                                      |  |  |  |  |
|                       |                                      |  |  |  |  |

## Planned Accomplishments

- I. Idea Approved
  Transaction types defined
  Deadlines Created
- 4. Function brainstorming
- 5. Project E-portfolio created

6. Group site Updated
