## **UNITED STATES ARMY**

- Performed and coordinated collection management, analysis, processing, and the dissemination of strategic and tactical intelligence.
- Assisted in establishing and maintaining systematic, cross-referenced intelligence records and files. Integrated incoming information with current intelligence holdings while preparing and maintaining the situation map.
- Analyzed and evaluated intelligence holdings to determine changes in enemy capabilities, vulnerabilities, and probable courses of action for my area of responsibility.
- Assigned the lead Analyst role for an area that encompassed two districts in Kandahar Province, Afghanistan. Conducted historical research for assessments, prepared intelligence reports, briefed individuals up to the Colonel level and identified key leaders of the insurgency (ex. financiers, weapons and personnel smugglers).
- Created two intelligence reports every shift for my areas of focus. The reports were incorporated into a larger product which was disseminated to unit commanders across the battle space.
- The in-depth analysis provided in this product contributed to the precision in planning missions, the detainment of high valued individuals and most importantly preventing casualties.
- Assisted Engineers in Route Clearance Patrols.
