Information Systems in Organizations, Data-Centric Application Development, Data Analytics, Information Management for Marketing Strategies, Digital Solutions Studio, Enterprise IT Architecture

## **ACTIVITIES:**

Member, Mentor - Association for Management Information Systems  
'Peer 2 Peer' Leader - International Student Affairs

## **ACADEMIC PROJECTS:**

### **Cloud Architecture Project**

Spring 2020

- Created a 'Toll Calculator' prototype for the Pennsylvania Turnpike Commission by building a cloud application deployment infrastructure with the necessary systems and applications in Amazon Web Services (AWS). Developed a simple RESTful API using Node.js and deployed it to a cloud infrastructure using EC2 instances.

### **User Experience Design Project**

Spring 2020

- Collaborated with two students to develop a website design for a proposed small business with needs and problems to produce site goals. Created a complete website using the Genesis framework by StudioPress.

### **Data Analytics Project/Temple Analytics Challenge**

Fall 2019

- Analyzed datasets from Alexion using Tableau. Collaborated with two students to develop a static graphic that summarized major data analysis findings in the form of an infographic.

## **WORK EXPERIENCE:**

TANGO

Philadelphia, PA

Head Hostess

January 2018– present

- Created and managed monthly schedules for three hostess members
- Trained and familiarized new front of house staff on establishment processes and policies
