- Member, Association for Information Systems, August 2014 – Present
- Chief Outreach Officer, Temple Veterans Association, August 2014 – June 2015

INFORMATION SYSTEMS PROJECTS:

- Generated catalogue of 450 digital personnel files to better allow tracking of security clearance status, renewals, and current access control to U.S. Government secured facility, greatly increasing efficiency of 20 person subordinate security team.
- Created 4-year historic database to track, filter, and analyze over 25,000 events; enabling timely trend establishment and accurate predictive analysis for end-users.

EXPERIENCE: PRICEWATERHOUSECOOPERS, Philadelphia, PA June 2015 – August 2015
Cybersecurity Intern

- Conducted a security maturity assessment to evaluate the client security environment, utilizing an inquiry based approach to assess 26 domains against industry peers and the ISF framework.
- Evaluated current and developed new risk reduction strategies for cloud storage company based on FedRAMP and NIST 800-53 guidance.
- Collaborated with team of interns to develop a knowledgebase of network assessment tools for use by internal cybersecurity staff.

U.S. ARMY, Fort Carson, CO July 2012 – August 2014
Security Manager

- Developed, implemented, and maintained security programs and policies for organization of 600 multi-national personnel.
- Facilitated training for all levels of employees to ensure compliance with applicable industry physical, personnel, and information security regulations.
- Conducted audits of security vulnerabilities and forecasted potential threats.
- Adjusted controls through research and analysis to reduce overall risk to deployed personnel and infrastructure in southern Afghanistan.

Intelligence Analyst August 2009 – July 2012

- Researched and analyzed time sensitive intelligence data from multiple sources, directly aiding in the creation of 500 briefs to senior staff.
- Started as entry level trainee and promoted to intelligence specialist ahead of peers as a result of displayed leadership and achieved results while deployed to Iraq.
- Supervised and trained seven incoming employees on standards, use of analytical tools, approaches to data mining, and final analysis of data.

SKILLS:

- Previous experience with SharePoint, SQL, HTML, C++, CSS, and PHP
- Active U.S. Government Top Secret Security Clearance
