EXPERIENCE: Grant Thornton LLP, Philadelphia PA Jun. 2019 – Aug. 2019
Innovation Team, Tax Advisory Consulting
Intern, Blockchain and Tax Innovation Team

- Completed an internship program at the 6th largest Accounting and Advisory Consulting firm in the U.S. where I innovated data driven processes for clients and contributed to a team using Agile methodologies to develop enterprise-grade blockchain solutions
- Designed logical diagrams as well as visual wireframes to incorporate new business requirements into our roadmap for PaaS/SaaS products going to market
- Tested new iterations of minimum viable products in Azure DevOps
- Automated the transformation of client data from large unorganized sources to consolidated and cleaned datasets saving them hours in their data-oriented processes
- Leveraged datasets to create visualizations that accurately depicted a business story
- Developed real time responsive dashboards that combined individual visualizations into a broader picture that helped facilitate making critical business decisions

Teachers Insurance and Annuity Association (TIAA), Iselin NJ Jun. 2018 – Aug. 2018
IT Office of the Chief Operating Officer
Intern Technical Associate, Reporting and Analytics

- Completed 10-week summer internship program at a Fortune 100 Financial Services Firm. The firm serves over 15,000 institutions with 5 million participants and 1 Trillion AUM
- Received the highest possible rating in the end of program performance appraisal; a rating reserved for only the top 5% of employees per level
- Redesigned and took ownership of the process for the IT Vendor Analysis Project where I reduced the expected completion time by 4+ weeks
- Developed communication plan which led to response rates exceeding our benchmark by nearly 15% which accounted for over 150 of our internal IT clients
- Automated Executive level meeting schedules and excel dashboards through SharePoint page and calendar
