Three Related Concepts

• Backup
• Disaster Recovery
• Business Continuity

The Goal: Keep the business viable until normal operations can resume
An ITACS Business Continuity Plan

• Take 45 minutes
• Use your readings and the templates provided on the class blog
• Develop a business continuity plan for the ITACS program
  – What is our most important data?
  – What applications are we dependent on?
  – How could we carry on if all Temple’s systems were lost to us?
