ACTIVITIES

HTML Class Teacher, Riverway

-Teaching basic HTML skills to less fortunate in India through Zoom classes.

May 2022 - October 2022

PROJECTS

Lithium Battery Pack

June 2020 - current 2024

- Custom Lithium Battery Pack & E-Bike - Developed and spot-welded a custom electric battery that competes with commercial ones. The battery used Tesla 21700 cells which are the same cells used in the Tesla model Y and model 3.
- Then used the battery to power an electric bike that we built using a kit an E-bike kit online

GoLang Lassi Drink Dispenser

June 2020 - current 2024

- Led a group in developing a drink dispenser (for Lassi) that can make different flavors with preprogrammed recipes, and operated using a website.
- We coded the sprinkler system using a language called GOLang and we used Raspberry Pi, relays, solenoid, jars, and piping to dispense the liquid.

Investing

June 2020 - current 2024

- Options trader advisor - Advised a client that was able to turn a \$5,000 stock portfolio into over \$35,000 in 1 month through options trading.
