WORK EXPERIENCES

One week internship at BNP PARIBAS 2008 :

Company internship within the course of study of academic year at BNP PARIBAS, a famous bank. I made several tasks, including administrative work. I also attended a professional meeting. It was my first approach to the world of work, hierarchy, professional secrecy and teamwork. Very rewarding week concluded with a report of my internship. The oral was about my experience within the group. It comforted me in my career choice.

Charity action : Cleaning of a lake 2010 :

I helped cleaning a lake, which is the emblem of my city. The project was carried out by an environmental association to make people aware of pollution.

Baby-sitting 2010/2011 :

To afford my driver license, I baby-sit 2 children, Pierre and Lucie (6 and 8 years old). Everything went well and we are still in touch.
