EXPERIENCE

KYNDRYL, Dallas, TX

June 2024 - Aug 2024

Mainframe Architect Intern, Core Enterprise and zCloud

- Designed optimized mainframe and storage configurations using IBM eConfig that enhanced data storage efficiency by 92% and streamlined backup processes
- Engaged in hands-on projects within the Z Xplore environment to deepen expertise in mainframe technologies
- Researched how mainframe systems are adapting to support the processing and analysis of large volumes of big data

TEMPLE UNIVERSITY, Philadelphia, PA

Aug 2022 - May 2024

Resident Assistant, University Housing and Residential Life

- Supervised 40+ residents while handling conflicts, incidents, and student events to promote a comfortable and safe building dynamic
- Enforced University and Residential Life policies while providing written documentation to ensure protocol compliance and limit legal liability
- Maintained relationships with 100+ students, ages 17-22, to foster a sense of trust and inclusivity within the building and college campus

POWER HOME REMODELING GROUP, Chester, PA

May 2023 - Aug 2023

Business Technology Intern, Headquarters

- Implemented and configured software systems to improve operational efficiency across all departments of the billion-dollar company
- Managed and maintained data centers and servers across the company's 17 territories to ensure accuracy and security while communicating with third party vendors
- Conducted research and data analysis to create interactive dashboards showcasing parameters, calculations, and measures that supported business decisions made by Executives and Directors
