ACTIVITIES
Board of Directors, Mayors Youth Committee   January 2017 – December 2017

TECHNICAL SKILLS
- **Programming Proficiency: Skilled in languages like Python, Java, and SQL, with a focus on developing efficient and effective code.**
- **Software Development: Knowledge of software development life cycle (SDLC) and agile methodologies.**
- **Database Management: Understanding of database design, management, and optimization, with experience in tools like MySQL and MongoDB.**
- **Systems Analysis: Strong ability to analyze and improve information systems for enhanced business performance.**
- **Project Management: Familiarity with project management principles and tools, capable of contributing to all stages of project development.**
- **Technical Communication: Effective communicator, able to convey technical concepts to non-technical stakeholders.**

PROJECTS
Image Recognition, Independent Project   December 2023 – February 2024
- As an MIS major at Temple University, I led an independent project focused on enhancing the security of an image recognition system utilized for access control. Through a comprehensive security audit, I identified and addressed a critical vulnerability related to adversarial attacks and weak input validation.

EXPERIENCE
Mayors Youth Committee, Linden, NJ   January 2017 – December 2017
Board Member
- Engaged in community outreach, gathering actionable insights to drive committee actions.
- Collaborated effectively with a diverse team to address and recommend solutions to youth-related challenges.
- Spearheaded the implementation of a community-focused initiative aimed at enhancing youth engagement, fostering positive relationships between local authorities and young residents, and organizing events to promote civic participation among the youth.
