EXPERIENCE

Temple University, Philadelphia, PA

January 2024 – Present

President (2025); Director of Financial Reporting (2024), Fox College Council

- Lead Fox College Council, the governing body representing over 30 student professional organizations (SPOs) within the Fox School of Business at Temple University, fostering collaboration and advocating for the needs of over 7,000 undergraduate business students.
- Spearhead the strategic management of fund allocations from the Fox School of Business to over 30 SPOs, ensuring transparent and efficient distribution for various events.
- Oversee the financial health of SPOs by diligently reviewing and approving allocation requests, conducting thorough checks on allocation balances, and generating comprehensive [reports](#) disseminated to presidents and the Dean's office.
- Provide guidance to SPOs on best practices for fund utilization, ensuring responsible financial management and fostering a culture of accountability within the student organizations.

Temple University, Philadelphia, PA

September 2023 - Present

Health Communication & Programming Intern, Department of Student Health Services

- Collaborate with the Clinical Director of Student Health Services to design, execute, and evaluate health information on the student health webpage, enhancing its educational value for over 30,000 students.
- Aid in the coordination and assessment of "Ask A Nurse" program campaigns, contributing to the development and analysis of social media-based health programs.
- Conduct research on health-related topics to support program planning and implementation.
- Compose and disseminate educational releases, [social media content](#), and other communication materials as required.

ACTIVITIES

Member, Student Leadership Council

September 2024 – Present

Member, Association of Information Systems

January 2024 – Present

PROJECTS

PA Toll Calculator Project, MIS 3406: Cloud Architecture

January 2024 – May 2024

- Designed and successfully migrated Toll Calculator system to Cloud Native, utilizing VPCs, RDS/MySQL, Lambda, and S3/CloudFront.
- Developed client-side web application using HTML/JavaScript and made API calls to send and retrieve data from Lambda functions and external APIs.
- Delivered a cost-effective, dynamically scaling cloud-native prototype with 24/7 reliability and security.

Women In Business (WiB) Figma, MIS 3506: User Experience Design

January 2024 – May 2024

- Designed and [presented](#) a fully functional [prototype](#) using Figma to modernize the WiB website, incorporating findings from usability tests and stakeholder interviews.
- Collaborated on a team-based usability analysis project to assess and improve WiB's website including research on user goals, affordances, and personas.
- Performed heuristic evaluations using Nielsen and Molich's 10 User Interface Design Heuristics and observational usability tests to identify user experience problems.
