

IT Career Fair

2026

Hosted by:

Temple University

Association for Information Systems (AIS)

September 16, 2026

11 AM – 3 PM

Howard Gittis Student Center

Why Attend?

Temple University's nationally ranked MIS program produces students with hands-on experience in AI-enabled Business Solutions, Web App Development, Data Analytics, Cloud Architecture, UX/UI Design, and Cybersecurity. This is your opportunity to engage with **250+** driven, job-ready students actively seeking internships and full-time roles. Build your brand, expand your pipeline, and connect directly with the next generation of business-minded tech talent.

Our Students

Academic Backgrounds

- Undergraduate Majors:
 - Management Information Systems (MIS)
 - Dual majors in MIS & disciplines such as Accounting, Finance, Marketing, and Risk Management
 - MIS and Digital Marketing Minors
- Graduate Programs:
 - Master of Science in IT Auditing and Cyber Security (MS ITACS)
 - MBA candidates with technical backgrounds (MIS & related concentrations)

Class Standing

- Representation across all class years: Freshmen to Seniors
- Includes students from the Fox Honors Program and those holding leadership roles in student organizations

Testimonials:

"Lots of quality students"

"I loved the attendance of the IT Career Fair as there were many students interested in fulfilling new career opportunities!"

"Many students were well prepared, asked good questions, and overall were pleasant to talk to. The room was spacious, and I appreciated having a separate, quiet break area."
