September 2023 – Present

**Member,** Phi Sigma Pi

March 2022 – January 2023

## TECHNICAL SKILLS

Software Development: Visual Studio Code

Web Development: HTML, JavaScript, Python, CSS

Database Management: SQL, NoSQL

Project Management: Excel, Microsoft Word, PowerPoint, Outlook, OneNote

## PROJECTS

***Application Programming Interface Project, Web Application Development*** January 2023 - April 2023

- Created a bar chart of the top five most populated countries using a web API.
- Used JavaScript to obtain necessary data from the API to plot the bar chart.
- Extracted population data for each country and compared them side by side on the chart.
- Determined most populated countries by analyzing population comparisons.

***Toll Calculator RESTful API Project, Cloud Architecture***

August 2023 - December 2023

- Developed a toll calculator using a RESTful API and Amazon AWS in a class project.
- Integrated JavaScript and HTML to retrieve real toll cost data from the API.
- Enabled users to input start and destination points for personalized toll and distance calculations.
- Provided toll cost calculations for Pennsylvania tolls, aiding informed travel decisions.

## EXPERIENCE

SNAPBAU, Remote

January 2024 - Present

***Intern, Business Development and Data Analytics***

- Initiate outreach via email and phone to industrial suppliers, fostering potential collaborations.
- Engaged in discussions with team members to optimize sales tactics based on market dynamics.
- Employ supplier interaction data analytics to refine collaboration approaches.
- Analyze response patterns from supplier interactions and use feedback to adapt sales strategies.
- Organize comprehensive spreadsheet of supplier contact information for efficient outreach efforts.

UNIFORMS FOR ALL SPORTS, INC., Old Forge, PA

May 2022 - Present

***Intern, Inventory Associate***

- Organize orders and deliveries by counting and packing items for a school uniform store.
- Conduct inventory checks by taking records of deliveries in logbook based on when received.
- Analyze order requirements and ensure all details for orders and deliveries are correct.
- File invoices for orders and deliveries, alphabetizing and separating by date.
