EMPLOYMENT EXPERIENCE

Institute for Business and Information Technology | Small Business Consultant | Philadelphia, PA

July 2020 – August 2020

- Provided website redesign and SEO optimization for small businesses to help improve e-commerce.
- Met with clients often to go over changes and ideas, with the goal of creating the clients desired platform.

IDEMIA | IT Intern | Exton, PA

November 2019 – February 2020

- Assisted with server maintenance and network setup for new offices.
- Independently worked to update software and solve CPU issues for the company's employees.

Dutch Haven | Sales Associate | Lancaster, PA

May 2019 – August 2019

- Provided customer service for the birthplace of America's best shoo-fly pie, the establishment's number one selling product.
- Utilized conversational and interpersonal skills to connect and engage with customers, which resulted in an increase in sales.

PROJECTS

Penetration Testing Project | Managing Enterprise Cybersecurity | Philadelphia, PA

January 2021 – May 2021

- My group was given access to a public-facing webserver. We were purposely given very little background information on the system to simulate a real penetration test.
- Used backdoor attacks and various decrypting methods to find sensitive information on the company network.
- The goal was to find as many vulnerabilities on our given network and provide suggestions on solving the issue.

Heroic Gardens | Lead Global Digital Projects | Philadelphia, PA

August 2020 – December 2020

- My group worked with a non-profit organization, Heroic Gardens, to help improve their online platforms and further grow their cause.
- Worked in a SCRUM framework to ensure we were able to present a desirable product.
- The goal was to improve Heroic Garden's current platforms and to expand with new platform and system recommendations.

LEADERSHIP & VOLUNTEER EXPERIENCE

AIS Mentorship Program | Mentor | Philadelphia, PA

May 2020 – Present

- Helped mentees create short-term and long-term goals.
- Offered guidance and availability to mentees whenever it was needed.
- Held weekly meetings with mentees to have conversations on personal progress and how they are doing in general.

HONORS & ACTIVITIES

Association for Management Information Systems

August 2019 - Present
