2. Identify the sources of risk, and their roles in the breach

Risk Sources	Role(s) in breach
Incompetent employees	
Rogue employees	
Hackers	
Business partners	
Technology partners	
Technology components	

2. What control measures had Target implemented or should have implement to protect itself against each of the risks identified below?

Risk Sources	Risk Mitigations
Incompetent employees	
Rogue employees	
Hackers	
Business partners	
Technology partners	
Technology components
