

A Hospital Catches the “Millennium Bug”

Case Team Exercise: Develop and deliver a PowerPoint presentation that answers the following 3 questions:

1. Describe the IT threat caused by the Year 2000 bug
2. How would you assess the hospital's readiness to control the risk ?
Be sure to provide details to support your approach to the assessment
3. How is the Year 2038 problem similar to and different from the Year 2000 bug ?
