

**EDUCATION:** TEMPLE UNIVERSITY, Fox School of Business  
*Bachelor of Business Administration, Graduation: Summer 2018*  
**Major:** Management Information Systems (MIS) | **Minor:** Information Science & Technology (IS&T)  
**Major GPA:** 3.82, **GPA:** 3.24 | Dean's List: Fall 2016, Spring 2017

**COURSES:** Data Centric Application Development, Program Design and Abstraction, Enterprise IT Architecture, Database Management Systems, Data Analytics, Lead Global Digital Projects

**SKILLS:**

**Programming:** HTML, CSS, PHP, SQL     **Basic:** Java, Python, VB, C++, PowerShell  
**Applications:** Tableau, Google Analytics, Visio, Office 365, WordPress, SailPoint  
**Virtualization:** VMWare, Microsoft Azure, Windows Server 2012

**PROJECTS:**

- Virtualized servers/workstations using Azure and VMware, built a domain and created a network of servers within the domain. Created groups and users mapped drives publicly and privately. Set up Webserver, SQL server and Network Monitor to monitor the servers. Self-initiated project to learn more about virtualization.
- Analyzed diabetes data from multiple sources for the Data Analytics challenge. Materialized a global solution to reduce the effects of diabetes in developing third-world countries. Created an infographic to convey key pieces of information on root cause and resolution. A class project for Data Analytics.

**EXPERIENCE:**

**Information Technology Assistant** August 2017 – December 2017

Temple University – Philadelphia, PA

- Hold office hours to instruct on programming concepts to improve students' programming skills.
- Provide academic and technical support for 140+ MIS students enrolled in the Data-Centric Application Development course.
- Instruct on and help students solve programming challenges of HTML/CSS, PHP, and SQL.

**ITLP Intern – Information Security** May 2017 – August 2017

Becton Dickinson (BD), Franklin Lakes, NJ

- Installed SailPoint's IdentityIQ application on a local machine to run Access Certification Proof of Concept(POC).
- Led the effort to educate 14+, internal managers and stakeholders involved in the POC about Access Certification and SailPoint.
- Wrote Powershell scripts to extract data from Active Directory about High Value Target(HVT) groups, members, and permissions in a flat file format.
- Flagged 20% of access within the HVT groups as inappropriate and initiated the process to remediate that access to reduce risk.

**Assistant Manager** January 2014 – October 2016

MetroPCS, Levittown, PA

- Maximized sales of cell phones, accessories, various electronics and services in a retail store serving 100+ customer each day.
- Established monthly sales goals for 5 locations and ordered products from 10 different vendors.
- Hired and trained employees and lead five full time and part time employee regularly.

**ACTIVITIES:**

- Group Lead BAPS Shree Swaminarayan, 2015 - Present
- Member, Association for Management Information Systems, 2016 – present
- Volunteer, ER Rehab, St. Mary's, 2013 – 2014
