Major: Management Information Systems

Related Coursework: Macroeconomics, Statistics, Data Science Course, Accounting, Calculus 1, Calculus 2, Information Systems

Organizations, Leadership & Organization Management, Marketing Management, Data Analytics, Data Centric Application

Development, Business Communications

Expected Graduation: May, 2020

Job Experience:

Giant Grocery Store (Maple Glenn, PA)

May 2017 – February 2018

- Field customer questions and concerns
- Monitor inventory and refill when necessary
- Operate the cash register system
- Engage in positive communication and relationships with management

Related Experience:

Drexel Mini Medical Camp (Hahnemann Hospital, Philadelphia, PA)

- Shadowed professionals to learn and experience their roles and responsibilities
- Communicated with patients regarding their concerns and needs
- Learned about the commitment that it takes to achieve the title of doctor
- Observed highly intuitive and complex applications that help medical professionals in their job

Shadowing Medical Professionals (Cancer Centers of America, Philadelphia, PA)

- Shadowed professionals in the cancer treatment field of medicine to experience their workplace environment
- Learned how branches of hospitals work together and specialize to get the best output
- Observed professionals communicate with their patients/customers

Part Time Internship (Kane Partners, North Wales, PA)

- Communicated with my colleagues, partners, and head of the business
- Improved communication skills by speaking and emailing candidates
- Learned to properly comb through resumes and candidates and look for ideal skills and competencies for certain positions
- Furthered my knowledge on many jobs and skills in the IT field
- Learned proper business etiquette and how to interact with customers

Volunteer Experience

- Jewish Relief Agency, Trenton Soup Kitchen
- Assisted girl's tennis team coach to manage practices and score keeping during games
- Assisted in running a charity walk in my local community
