Bachelor of Business Administration, Graduation: May 2022
Major: Management Information Systems

INFORMATION TECHNOLOGY SKILLS:

Cloud Computing:	AWS
Database Management:	MySQL
Data Visualization:	Tableau
Web Development:	HTML, CSS, JavaScript, Bootstrap, Node.js
Project Management:	Agile, Scrum

EXPERIENCE:

SWEETGREEN, Philadelphia, PA

February 2018 – March 2020

Manager

- Provided technical support to online customers and monitored online systems to ensure the functionality of the systems
- Directed the training and development of new employees
- Provided sales support to the busiest location in Philadelphia with up to \$50,000 in sales per week
- Responsible for in-store training and development, staff attendance, and food and health safety
- Calculated profits, developed sales projections, and recorded inventory

TEMPLE UNIVERSITY, Philadelphia, PA

October 2019 – December 2019

Data Analytics Intern

- Created templates for the Commencement program in Microsoft Excel
- Collaborated with school and college communicators to edit and revise student graduation data
- Assisted in management of the Commencement Canvas site
- Utilized Excel macros to automate a series of tasks and minimize manual entry
- Aided in the development and design of the 2020 commencement ceremony

SOFTWARE SYSTEMS PROJECTS:

- **Toll Calculator:** Developed an application that displays the distance and duration between two toll points in PA depending on the use of E-ZPass or cash. The application utilizes the Google Maps Distance API and TollCalculator API to query toll schedules and driving distance within an RDS instance. Deployed the application using a Node.js server running in an EC2 instance within the public server of the VPC.
- **SpaceJam:** Utilized UX design and research practices to redesigned SpaceJam's website. I organized and updated site content to center the design towards the user's needs while also fulfilling the site goals.
- **Canine Retreat:** Assumed the role of product manager to create a client website using concepts related to process thinking & management and product management.

ACTIVITIES AND AWARDS:

- Member, Association for Management Information Systems, 2018 – present
- Volunteer, Ducker Elementary School, 2018- 2020
